DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on April 17, 2006 has been entered.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 7-13, 19-20 and 23-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claim 7 recites "receiving at least one physical signal representative of content together with line spectral frequency information." As written, it is unclear as to what applicant regards as a "physical signal representative of content."

5. Claim 23 recites "receiving at least signal including content and a representation of line spectral frequencies." As written, it is unclear as to what applicant regards as a "a signal including content" or what is regarded as "a representation of line spectral frequencies."

Allowable Subject Matter

6. Claims 14-18 and 21-22 are allowed.
